

Reference For Elena Petkova

Dear Sir/Madam,

I highly recommend Elena Petkova as a candidate for employment. Elena was employed by MATHESON WHITELEY as an architectural assistant from June to September 2015. During this time she contributed to the following projects —

- Space Gallery, Science Museum, London. Feasibility study.
- Coach House, London. Tender documentation for private house.
- Thomas Dane Gallery, London. Tender documentation for work to Grade-2 listed building for contemporary art gallery
- Little Chef, Wiltshire. Concept study for artist studio and house

Elena has excellent architectural production skills and is a talented designer. She draws and models with precision and care and is proactive learning new software. She is able to undertake tasks independently and deliver them in full with a flexible, well organised approach.

Underpinning this is a cheerful, positive attitude and ability to work well with others.

In short we were sad to see Elena leave. She is a talented architect and we will follow her career with interest.

If you require further information, please don't hesitate to contact me directly.

Best regards,

Jason Whiteley
